ARTS for ALL brings out the creativity in all of us!

Utilize art tools provided by VSA Arts to create a large mural on the floor of your facility – your group can be as small as five or as large as 100. Art tools are designed so that participants with limited movement or lack of fine motor skills can be successful in using what mobility they have to create, paint, draw, print, and more. The tools incorporate the use of one’s wheelchair, walker, arms, or legs as part of the creative process. Individuals can make prints, draw with chalk, or use pogo paint poles, all while working on mobility skills and coordination, creativity, expression, and self esteem.
